ConchBooks formerly **christa hemmen**
publishing house, book-sellers & antiquarian

e-mail: conchbooks@conchbooks.de
fax & phone: +49-671-66441

now exclusively managed by
christina & klaus groh, mainzer str. 25, D-55546 hackenheim, germany

Dear friends and customers, we have a NEW address and as you see above it is the old one.

After jointly managing our remained book store and publishing house for the past 14 years our partners, Jens & Christa Hemmen have decided to dedicate more time to several scientific projects and a different way of life. Since January first the business is exclusively conducted by Christina & Klaus Groh to provide you with the same reliable service that you have come to know over the past years. Nothing will change except the mailing-address and the domain of our e-mail. We are looking forward to be at your service.

Most of our bestsellers are still available:

- 📖 Tropical Landshells of the World by PARKINSON, HEMMEN & GROH
- 📖 European Seashells Vols. I+II by POPPE & GOTO
- 📖 Bivalved Shells of the Red Sea by OLIVER
- 📖 Recent Muricidae named since 1971 by HOUART
- 📖 Manual of the Living Conidae, Indopazifik by RÖCKEL, KORN & KOHN
- 📖 Recent Cassidae by KREIPL
- 📖 Manual of Underwater Photography by DE COUET & GREEN, also in Dutch & German
- 📖 Indonesian Shells I +II by DHARMA
- 📖 Riff-Führer: Tiere und Pflanzen im Indopazifik by ALLEN & STEENE, also available in English

Forthcoming books for '99 are:

- ☺ A Guide to worldwide **Cowries** by LORENZ & HUBERT, 2nd enlarged and revised edition
- **European Trochacea** by BECK
- 🐌 **Molluscs of the Black Sea** by WILKE & VAN AARTSEN
- 📖 First four deliveries of the **Illustrated Conchology** by POPPE & DANCE

For more information see our NEW homepage to be updated regularly in the future: www.conchbooks.de

**SHELLS FROM THE
COLLECTION
Guido T. POPPE**

FOR EXCHANGE OR SALE: 5000 SPECIES AVAILABLE, MARINE AND LAND

For more than 20 years, Guido T. Poppe and his friends crossed the world in search for the most beautiful and interesting specimens. Not only with the aim of perfecting your collections, but also to gain more knowledge on taxonomy, nomenclature and the origins of shells.
